

## About *Catch A Trade!*

*CAT!* funds students who have been admitted to study for a degree or diploma at a **Minnesota public technical college or trade school**.

Each scholarship recipient receives **up to \$11,000 per year for up to two to three years depending on program requirements**. Funds can be used for living expenses as well as tuition.

**There are 15 scholarships available for 2026-2027.**

Scholarship recipients are studying for a degree or diploma in the following trades: HVAC and HVAC/R, commercial carpentry, plumbing, construction management/construction technology, electrical construction and maintenance, facilities maintenance engineer, facility and service technology, sheet metal and HVAC.

Scholarship recipients are MN residents as defined by their schools.

**This is not a transactional scholarship:** recipients receive individual staff support throughout their years of school and access to an ongoing network of *CAT!* students. *CAT!* is specifically designed to **help students reach their potential and graduate debt-free**.
